        i. It was decided a workgroup will be formed to discuss and implement the structure of a consultation group that will come together to staff families that are in need of support. There are times when it makes sense for administration to be a part of the discussion to help with creative thinking around barriers (funding, staffing, service provision, etc) and other times when those with more direct service experience would be helpful to brainstorm creative collaboration and services.
        ii. Please identify a person from your agency that can be part of the work group to design this meeting and structure. Please fill out the spreadsheet with their information
        iii. It would be helpful hear more about what Jefferson County is doing to provide our committee with some structure. Kayla Hendrickson is attending their IOG meeting and can present on what she has learned from their structure.
