Larimer County Conservation Corps is excited to bring you some of their favorite films of the Wild & Scenic Film Festival.

The Larimer County Conservation Corps (LCCC) promotes individual development through service for the benefit of the environment and community. LCCC is housed within and administered by Larimer County Economic and Workforce Development.

The LCCC runs a variety of conservation programs throughout the year, where participants gain natural resource field experience while making an impact in the local community. Projects include; fire mitigation, home efficiency assessments, restoration, and trail maintenance.

Through Colorado Youth Corps Association and The Corps Network, LCCC is an accredited corps based in Fort Collins, Colorado.

FILMS

Unchartered Waters

Homeboy Industries, the largest gang-intervention organization in the world, takes 50 of their members on an overnight whitewater rafting trip with All-Outdoors California Whitewater Rafting.

Fight or Flight

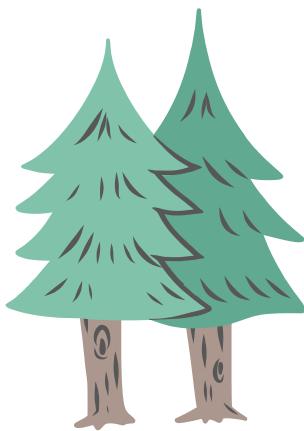

The journey of the first female pilot employed by Colorado Parks and Wildlife.

Feeling the Apocalypse

A psychotherapist explains how unravelling ecosystems around the world have affected his psyche and relationships.

Rockies Repeat

A team of artists grapple with the cultural impacts of climate change in the Canadian Rockies.

FILMS

A Baffin Vacation

A couple sets off on a bold multi-sport 45 day expedition on Baffin Island.

Breaking Trail

Watch the journey of the first woman and person of color to thru-hike the 1,200-mile Ice Age Trail in winter.

La Voz del Mar: Hope for Hawksbill Turtles

Grassroots conservation is delivering renewed hope for hawksbills. Each year, tens of thousands of hatchlings now begin their amazing life journey.

3.5%

In a not too distant future, the once picturesque city of Lucerne (Switzerland) has become uninhabitable due to the climate crisis.

The Wild & Scenic Film Festival was started in 2003 by the South Yuba River Citizens League (SYRCL, pronounced 'circle'), a nonprofit river conservation organization located in Nevada City, CA in the foothills of the Sierra Nevada mountains. The organization was formed in 1983 when a small group of concerned citizens banded together to fight against several proposed dams. The festival's namesake is in celebration of achieving Wild & Scenic status on 39 miles of the South Yuba River in 1999. The festival celebrates its annual event in Nevada City and Grass Valley, CA each January featuring more than 100 award-winning films and welcoming filmmakers, celebrities, and activists who bring a human face to the environmental movement.

SYRCL's Wild & Scenic Film Festival is a call to action! Films can serve as a potent tool to educate and inspire activism and growth, and Wild & Scenic is committed to offering programming that addresses environmental injustice, racism, and inequity as well as lack of representation in the outdoors and environmental movements. The films chosen by WSFF illustrate not only the challenges facing our planet but the work communities are doing to protect the environment and the places we love. The stories give us a sense of place and what it means to be responsible stewards of the earth.

Once the curtain closes in Nevada City and Grass Valley, SYRCL shares their success with other organizations by taking the film festival On Tour to nearly 200 communities across the continent. The tour, now reaching over 65,000 people a year, is building a grassroots network of organizations connected by a common goal of using film to inspire activism. The festival's seven National Partners: River are Life, Peak Design, Sierra Nevada Brewing Company, Earthjustice, Howard Hughes Medical Institute's Tangled Bank Studios, Nia Impact Capital, and EarthxFilm have joined together to support this campaign. They help to bring these inspiring and provocative films to communities across the globe.

Enjoy the festival!
