

# 2022 Community Impact Report

## About Market Days!

Market Days! is a program of the Larimer County Office of Colorado State University Extension and the Larimer County Farmers' Market providing fresh produce from the market to older adults who are 60+ and experiencing food insecurity or hunger.

Market Days! began in 2019 and operates from June through October. This year we added a transportation service to bring participants to the market who needed transit. We also created an advisory board for accountability, growth, and sustainability.
