

The Value of Dental Insurance

Your oral health is connected to your overall health. Researchers have uncovered links between gum disease and systemic health, including associations with heart disease and strokes. That's why it's so important to make dental care a priority — it can help you and your family live healthier.

- ▶ **People with dental insurance are more likely to visit the dentist office regularly.**
- ▶ **Patients receiving regular preventive care have better oral health.**
- ▶ **Dental insurance often covers 100% of preventive care.**

Facts...

- Tooth decay is the single most common chronic childhood disease.
- If you have cavity-causing germs in your mouth, you can pass them to your baby.
- More than 120 diseases can cause specific signs and symptoms in and around the mouth and jaw. A dental provider doing regular check-ups can help spot these potential problems.

...and Figures

- 23% of all adults have untreated tooth decay.
- More than half of U.S. children ages 5 to 9 have at least one cavity or filling.
- One out of every two American adults age 30 or older has periodontal disease.
- Dental disease causes employed adults to lose more than 164 million hours of work a year.
- In Colorado, dental disease costs taxpayers an estimated \$1 billion annually.

Fact: Nearly 100% of oral disease is preventable.

Routine exams allow your dental provider to get to know you and follow your health history. Providers are able to catch and treat potential problems early when they see their patients on a routine basis. Invest in your future — make dental care a priority.

Fact: Healthy habits lead to healthy smiles.

What does “healthy living” really mean? Diet, exercise, and plenty of rest are major components of a healthy lifestyle, but other healthy habits include:

- Visiting your dentist regularly.
- Brushing and flossing at least twice a day.
- Making nutritious food choices.
- Sharing your medical conditions with your dental provider.

► **By choosing a Delta Dental PPO™ provider, you will save the most money on out-of-pocket expenses!**

You are enrolled in a Delta Dental PPO plus Premier plan. You and your family members may visit any licensed dentist, but will enjoy the greatest out-of-pocket savings if you see a Delta Dental PPO dentist. There are three levels of dentists to choose from.

PPO Dentist - Payment is based on the PPO dentist's allowable fee, or the actual fee charged, whichever is less.

Premier Dentist - Payment is based on the Premier Maximum Plan Allowance (MPA), or the fee actually charged, whichever is less.

Non-Participating Dentist - Payment is based on the non-participating Maximum Plan Allowance. Members are responsible for the difference between the non-participating MPA and the full fee charged by the dentist. You will receive the best benefit by choosing a PPO dentist.
