

# LARIMER COUNTY COMMUNITY RESOURCE GUIDE

Public Health

# HEALTHY LARIMER COMMITTEE

We're listening and following your lead to building a stronger community together.

The Healthy Larimer Committee (HLC) is a community-led group dedicated to empowering individuals across Larimer County by fostering social connectedness and inclusivity. They focus on supporting marginalized populations and addressing issues related to social belonging and access to health resources. Driven by a passion for equity, members amplify the voices of their communities and work to create a supportive environment where everyone feels valued.

The Healthy Larimer Committee created this resource guide to help connect community members to local resources and services.

Members of HLC noticed that many people, especially those in marginalized communities, struggled to find up-to-date, reliable information about local services. The group collaborated to gather, verify, and organize resources across different areas of need, creating a user-friendly guide that reflects the realities and strengths of the Larimer County community. The following pages provide information about organizations that provide resources and support, organized by need.
