### LIFESTYLE EDUCATION PROGRAM OVERVIEW

The purpose of the Lifestyle Education Program is to encourage the participation of Medical Plan Members in educational classes and programs. These programs provide members with an opportunity to gain knowledge and skills, with the intention of improving or maintaining personal health and wellbeing, including, but not limited to:

- Weight Management
- Smoking Cessation
- Stress Management
- Chronic Disease
   Management
- Disease Prevention
- Nutrition
- Emotional Health
- Financial Health

### **GENERAL REIMBURSEMENT CRITERIA:**

- Be <u>developed</u> based on established best practices in the field of health promotion and ideally developed by health professionals with a minimum 4-year bachelor's degree in one of the following areas as related to reimbursement requested: Health Promotion, Public Health, Dietetics, Nursing, Exercise Science, Community Health, Physician Assistant, Medical Doctor, Psychology, Counseling, Behavior Change, Smoking Cessation, or a related field.
- Be <u>taught</u>, at least in part, by a health professional with a minimum 4-year bachelor's degree in one of the following areas: Dietetics, Health Promotion, Public Health, Nursing, Exercise Science, Community Health, Physician Assistant, Medical Doctor, Psychologist, Counseling, Behavior Change, Smoking Cessation or a related field. Exception: Should a class be taught by an experienced instructor without the above credentials, it can qualify for the reimbursement only if class content was developed by a health professional and follows best practices. (i.e. Weight Watchers Meetings).
- All programs are subject to review.

### LIFESTYLE EDUCATION

### Amount of Reimbursement:

• Medical Plan Members can be reimbursed up to \$500 per Calendar Year for Lifestyle Education through this credit.

### Guidelines for Weight Management Programs to be Eligible for Reimbursement:

- Slow, steady weight loss is emphasized, approximately 1-2 pounds weight loss per week.
- There is no list of forbidden or "bad" foods.
- There is no promotion of specially formulated foods or vitamin supplements.
- Balanced food choices from all food groups are emphasized, as well as sensible portion sizes and physical activity.
- Establishing lifelong health habits is emphasized.
- Information regarding the health risks and program side-effects is provided.
- Physical activity may be included as a component of a comprehensive program, i.e. personal training.
- Documented success, as evidenced by program outcomes.
- Exclusion List (not all inclusive): Items Not Eligible for Reimbursement through this Credit:
  - Co-pays or other member/patient financial responsibility for medical, vision or prescription claims.
  - Individual or Group Physical Activity or Fitness Classes (i.e. Zumba, Nia, Pilates, Yoga, Bodyshaping, Cross fit), or other exercise programs that are exclusively focused on physical activity, and Gym Memberships. Note: physical activity may be included as part of a comprehensive weight management program, subject to review and approval for reimbursement.
  - Physical Activity Event Registration Fees.
  - · Safety Classes.
  - · Personal Training, Counseling, or Wellness Coaching.
  - Food, supplements, dietary aids, optional resources, or any non-educational components of class/ program.
  - Metabolic Research Center, Slimgenics.

### **TOBACCO CESSATION**

#### Specific Reimbursement Criteria:

- Program must be a minimum of four (4) weeks in length.
- Program must contain a minimum of four (4)classes.
- Program must contain an evaluation to identify behavior change and/or change in health risk.

### Exlusion List: Items Not Eligible for Reimbursement through this Credit:

- Smoking cessation products, such as Nicorette gum, Nico Derm CQ patches and Commit lozenges. These are available with prescription through your pharmacy benefit at a \$0 copay.
- Hypnosis is not eligible for reimbursement.

**HDHP MEMBERS:** You are responsible for paying the full cost for these programs up front and you will NOT be reimbursed until you meet your deductible. You can use your HSA money to pay for this though if desired.

## LIFESTYLE EDUCATION: APPROVED PROGRAMS

	ATION.APPROVED PROURAIVIS
	Smart Fit Girls- based on the popular program and designed for adolescent girls. For more information on this program, please visit the Smart Fit Girls website
	FunLIFE (Learning to Improve Fitness and Eating)- camp which combines sports and physical activity with healthy lessons and curriculum.

NUTRITION HEALTH COACH PROGRAM	<ul> <li>"Developed by Clancy Brown PT, DPT, this program provides quality nutritional education to help individuals achieve their health and fitness related goals. By teaching about proper diet, portion control, nutrient timing and foot quality, clients will be able to improve their overall diet and begin to live a more healthy life. This program will utilize a hybrid model including both face to face and phone/telehealth communication methods in order to maximize interaction with health coaches. Prior to beginning, each client will be assessed based on their goals, current diet, and general understanding of nutrition. We then utilize a tiered system designed to provide an appropriate starting point for clients at all levels. After completion, clients will be proficient in their Tier and will be able to sustain a significantly more healthy diet and lifestyle going forward."</li> </ul>

THERAPEE	Dr. Sagie's Face-to-Face Treatment for Bedwetting: The multimodality treatment is based on clinical and research experience in the last thirty years with more than 40,000 patients with enuresis ages four to thirty-five. The treatment model is unique and takes into consideration all aspects of bedwetting such as frequency, the patient's age, day control, dribbling, sleep depth, child motivation and more. It is specifically tailor-made for the patient. The model encompasses behavioral therapy of enuresis, including use of an enuresis alarm, short- and mid-term positive reinforcements, modeling, measurements of reflex and awakening response, and daily training to increase bladder capacity and strengthen sphincter muscles. In some cases, the model utilizes other therapeutic techniques, such as forced intake, relaxation, placebo, and more.

	Contact: rockymountainsleepingbaby.com
WONDER WEEKS APP	It's not your imagination– all babies go through a difficult period around the same age. Research has shown that babies make 10 major, predictable, age-linked changes – or leaps – during their first 20 months of their lives. During this time, they will learn more than in any other time. With each leap comes a drastic change in your baby's mental development, which affects not only his mood, but also his health, intelligence, sleeping patterns and the "three C's" (crying, clinging and crankiness).
	Contact: www.thewonderweeks.com/about-the-wonder-weeks/
SPENGA	Unlike any gym or studio of its kind, SPENGA combines the three pillars of fitness to create what's simply known as the best workout ever. Spin, strength training, and yoga workout packs of 10,20 or 30 good at Fort Collins or Loveland locations

SLUMBER APP	Your next great day, starts with a great nights sleep.By listening to Slumber, you can create a healthy ritual that honors this transition from day to night, and encourages calm and relaxation.You'll find a variety of techniques within Slumber that are proven to promote relaxation and encourage sleep, including: ASMR (autonomous sensory meridian response), Mindfulness, Breath control, Gratitude habituation, Guided imagery and visualizations, Ericksonian hypnosis, Progressive muscle relaxation. Contact: https://slumber.fm/about
"THE TAPPING SOLUTION"	Tapping, also known as EFT (Emotional Freedom Technique), is a powerful holistic healing technique that has been proven to effectively resolve a range of issues. It is based on the combined principles of ancient Chinese acupressure and modern psychology. The basic Tapping technique requires you to focus on a negative emotion at hand - a fear, a worry, a bad memory, an unresolved problem, or anything that's bothering you. While maintaining your mental focus on this issue, you use your fingertips to tap 5-7 times on 9 specific meridian points of the body. Tapping on these meridian endpoints, while verbally or mentally addressing the root cause of distress, sends a calming signal from the body to the brain, allowing you to feel relaxed and in control.
STRETCH LABS	StretchLab provides one-on-one or small group, customized assisted stretching sessions. The stretches are designed by Flexologists who will customize your stretch to your needs and talk you through your stretches. The Flexologists employ a "push & release" type of stretching (technically "proprioceptive neuromuscular facilitation stretching", or PNF) where you will be resisting a bit at times during the stretch and then releasing, resulting in a more effective stretch.
	Contact: www.stretchlab.com/
SLEEPER TEACHERS	We get it You don't have the time or energy to continue troubleshooting possible sleep solutions on Google. You can't stand to get one more piece of sleep advice from your neighbor. And if you spend one more nap time trying to sneak your way out of your little one's room, you might go totally nuts. Good news is you don't have to do that anymore. Sleep support interest form and evaluation call to determine level and type of assistance needed. Any Sleep teachers package or resource is eligible for this benefit.
	Contact: https://sleeperteachers.com/sleep-training-services/
PELETON	The Peloton App Membership gives you access to thousands of live and on-demand classes anywhere, anytime, with or without equipment. It includes a diverse selection of indoor cycling, running, walking, bootcamp, strength and outdoor (audio-only) classes.
