

# Nursing Facilities

## What is a Nursing Facility?

Nursing facilities are designed to provide 24-hour nursing care for those incapable of functioning independently due to a chronic illness, disabling injury or the need for short-term rehabilitation. Some facilities have specialized units for individuals with Alzheimer's disease and other forms of dementia.

All nursing facilities in Larimer County accept Medicare which can cover short term rehabilitation following a hospitalization. Most accept Medicaid which can cover long term nursing facility care.
