

Get the most out of your GLP-1 medication

Larimer County understands that medication alone isn't always enough. That's why we've partnered with Omada®, a virtual health program designed to help eligible members using a GLP-1 for weight loss achieve their goals and maintain progress—even after stopping medication.

The best part? **Omada is no cost to you if you're clinically eligible.**

Omada for Prevention or Hypertension is available at no cost to you when covered by your employer or health plan.
