AGENDA REVIEW

DISCUSSION/DECISIONS

- a) An “Achieving Impacts” Logic model was provided and explained by Kim Priddy. The TAC was asked to evaluate and determine what outcomes we are hoping to achieve from the inputs of each of the grantees this year.

b) The TAC was split into six groups. They were given different Journey Maps to identify gaps in community resources and offer suggestions as to how we can decrease or close these gaps. It was determined that networking needs to be established, a sense of community amongst providers needs to be strengthened and there needs to be an increase in understanding and education of resources that each provider offers.

INFORMATION AND ANNOUNCEMENTS:

- a) Laurie expressed her gratitude to the TAC for their 2019 accomplishments and success. She handed out a commemorative medallion to all members in appreciation of the tremendous work that has driven the decisions made by the BHPC and BoCC.
- b) Information on hiring a Grant Manager in 2020 was shared.
- c) There is a new www.larimer.org/behavioralhealth website. Go check it out!
- d) An update of the current status and future facility plan was given.
- e) It was announced that the facility provider contract has been awarded to Summitstone Health Partners, in partnership with UCHealth.
- f) Behavioral Health Services is in the evaluation stage of contracting with an architect. Three finalists have been shortlisted. Behavioral Health Services will visit one of each of the finalists facilities to aid in the hiring decision.
- g) The Behavioral Health Services Department will host an end of year event on December 5, 2019 at Morehouse Hall, at The Ranch from 4-7pm. More information to follow.

OTHER BUSINESS:

- a) PAC presentation schedule selection for the remaining months
- b) Grant Notice applications were handed out

SCHEDULE NEXT MEETING:
