Under this law, the Larimer County Public Health Director has the duty to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health and to establish, maintain, and enforce isolation and quarantine, and in pursuance thereof, and for this purpose only, to exercise physical control over property and over the persons of the people within the jurisdiction of the agency as the agency may find necessary for the protection of the public health, and to close public places and to prohibit gatherings of people when necessary to protect public health.

I. ORDER:

Effective at 5p.m. on March 24, 2020,

Section 1: All residents of the Community Corrections Facility who would otherwise be allowed to enter the community for work reasons are ordered to remain in the facility and to cease going into the community until April 17, 2020.
