

# LARIMER COUNTY Built Environment

Bridging the gap between government policy and your neighborhood

## How Larimer County Department of Health & Environment Can Support You

The built environment is the human-made features of our communities - sidewalks, public transportation, housing and much more. The way we design, build and support our communities affects our physical and mental health. Listed below are ways we are working to strengthen those communities within Larimer County through policy, civic engagement and strategic partnerships.

### Physical Environment

- Affordable Housing
- Transportation Infrastructure
- Recreational Offerings
- Environmental Initiatives

### Economic Environment

- Jobs Availability
- Local Business Advocacy
- Commercial Real Estate Availability

### Cultural / Social Environment

- Support for the Arts
- Race, Gender and Sexual Orientation Equity
- Cultural Diversity Advocacy

### Social Services Environment

- Educational Offerings
- Police & Fire Dept. Support
- Healthcare Availability
- Mental Health & Welfare Support
