

RECOMMENDED IMPROVEMENTS

- 2-11' Travel Lanes
- 4' Shoulders
- 10' Multiuse Trail
- Drainage Ditch

FEATURES

MULTIUSE TRAIL

- Safe space for pedestrians and bicyclists
- Separated from Country Club Road

- Raised above street surface by 2" - 4"
- Helps keep cars moving through the intersection at a safe speed
- Larger vehicles can still maneuver through the intersection (mountable)

TRAFFIC CALMING CIRCLE

RAISED CROSSWALK

- Very visible and safe way for pedestrians to cross
- Raised above street surface by 4" - 6"
- Easier than speed bumps
- Traffic calming benefit
