Goals of Neighbor Input:

- To provide factual information about a land use proposal and allow the opportunity for property owners in the vicinity to comment.
- To gather written neighbor comments, concerns, and suggestions about a development proposal early in the review process.
- To provide the opportunity for comments and concerns to be addressed by the applicant.

Neighbor Notification:

The Larimer County Planning Department notifies surrounding property owners when:

- A development proposal has been submitted in the area.
- A public meeting or hearing has been scheduled regarding the proposal.

As an interested property owner, you have the opportunity to review the project or process materials throughout the development review process.

Please visit the Community Development Online Portal for the most up-to-date and accurate information about the project.

A Guide For Neighbors

Neighbor Responsibilities:

Gather Information -

Gathering information and learning about a proposed project will give a greater understanding of what is being proposed.

Information regarding the project will be available for review throughout the development review process.

To find out more information on a project:

- Visit the Planning Department to review the file and information submitted.
- Call or email the planner assigned to the project.
- Visit the Current Development Application section on the Planning Department website.

Be Involved -

Neighbor comments, concerns, and suggestions are essential in understanding the potential impacts a development review proposal may have on property owners in the vicinity.

Comments received early in the development review process can allow the opportunity for concerns to be addressed by the applicant.

To voice your comments and concerns.

- Contact Planning Department.
- Attend scheduled public meetings and hearings.

Guide to the Development Review Process

Land Use applications located within Larimer County (outside city limits) go through several phases during the development review process.

Each phase is an integral part of the planning, design, and development of a project. The process ensures that a project can meet the standards outlined in the Land Use Code and be compatible with the surrounding area.

The following application types will proceed through the phases shown below: Conservation Developments, Planned Land Divisions, Subdivisions, Rezoning, Special Exceptions, and Special Reviews.

For more information, view the Larimer County Land Use Code at www.larimer.org/planning/regulations or contact the Planning Division at 970-498-7679.
