Dear Josh,

Your decision to support our mission of providing the foundation for sustained recovery from the diseases of alcohol and drug addiction is genuinely appreciated.

The \$100,000.00 received from the Larimer County Immediate Needs Grant was used as specified in the needs outlined in Harmony Foundation's grant application. Harmony had sustained financial and cash flow losses due to the COVID pandemic. The funds requested and received from the grant were used to cover the cash flow decrease.

Harmony used most funds received to retain all required staff to continue to provide the care our clientele has come to expect, and that Harmony wants to provide. During this downturn, Harmony did not lay off any staff. The most important asset Harmony has is the personnel that provide the front-line care to our clients. It was vital to keep those individuals.

Any remaining funds were used mainly for the replenishment of needed supplies to keep the campus safe and sanitized for both our clients and staff. Harmony greatly appreciates the funds received and the relief provided by this most important grant.

Thanks to your contribution and decision to join the Harmony Foundation community, we can continue providing comprehensive addiction treatment services to those in need. Your support helps individuals begin their journey toward recovery, and we are grateful.

James P. Geckler
President & CEO
