Feedback:

"(...) I learned how to check my email on a computer and my daughter was able to take an online training and get a job because of that and for that I'm very thankful."

"We learned how to use it and kept it for 12 weeks. Because of that, we felt confident to purchase our own device after saving for some time. We bought the same one!"

"It's so helpful to have a device and access to the internet at home. I mostly use it in my role as a community connector."
