Goal \#2: To strengthen our community's systems for advancing equity

- Objective \#1: By the end of the grant period, $85 \%$ of cohort participants will rate the quality and utility of the cohort program as good or excellent.
- $67 \%$ of the participants reported that they agreed the program was useful in allowing their organization to feel more invested in Equity initiatives, resources, and learning.
- Objective \#2: By the end of the grant period, $85 \%$ of cohort participants will report that the resources they received through the program helped them advance equity within their organizations. Measurement Process: Participant survey
- $67 \%$ of the participants reported that they were able to achieve the Equity goals they set at the beginning of the Cohort.
-     * Culture of Equity participants reported that this training could have been implemented more effectively in person instead of over Zoom. We have chosen to continue this program and to administer it $50 \%$ in person and $50 \%$ on zoom to get in person collaboration as well as accommodate for different scheduled and locations.
