

VOMIT OR DIARRHEA CLEANUP

PROTECT YOURSELF.

- Choose one person to be in charge of clean up.
- Close off the area. In a vomit incident the contained area is 30 feet.
- Wear Disposable gloves.
- Wear a disposable mask.

REMOVE VOMIT OR DIARRHEA RIGHT AWAY.

- Dispose of contaminated materials in plastic bag. Do not vacuum.
- Use paper towels.
- Discard any exposed food.
- Use absorbent material like kitty litter or baking soda on upholstery and carpets.

CLEAN ALL SOILED & NEARBY SURFACES WITH SOAPY WATER.

- Clean door knobs, toilet handles.
- Machine was clothing
- Wash hands thoroughly with soap and water after cleaning.

DISINFECT SURFACES WITH BLEACH SOLUTION.

- Mix one cup of bleach to one gallon of water.
- Apply solution and leave for 10 minutes.
- After applying bleach, rinse all surfaces with water.
